

Adventures Camp 2014
Plant Songs

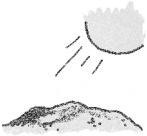

Parts of a Plant
To the tune of "The Wheels on the Bus"

The roots on a plant grow underground,
Underground, underground.
The roots on a plant grow underground,
Roots are part of a plant.

The stems on a plant hold up the leaves,
Up the leaves, up the leaves.
The stems on a plant hold up the leaves,
Stems are part of a plant.

The leaves on a plant are making food,
Making food, making food.
The leaves on a plant are making food,
Leaves are part of a plant.

The flowers on a plant are growing seeds,
Growing seeds, growing seeds.
The flowers on a plant are growing seeds,
Flowers are part of a plant.

Green Plants
To the tune of "Row, Row, Row Your Boat"

Grow, grow, grow your plants,
Grow with lots of care.
Carefully, carefully place your plants
Where they will get air.

Grow, grow, grow your plants,
Growing can be fun!
Carefully, carefully place your plants
Where they will get sun.

Grow, grow, grow your plants,
Never let them spoil.
Carefully, carefully place your plants
In a healthy soil.

Grow, grow, grow your plants,
With a smiling face.
Carefully, carefully place your plants
Where they will get space.

Grow, grow, grow your plants,
One more thing to do:
Carefully, carefully give your plants
Lots of water too!

Oats, Rice, Wheat, & Barley
(OR Oats, Peas, Beans, & Barley)
To the tune of "Skip to My Lou"

Chorus:
Oats, rice, wheat, and barley grow,
Oats, rice, wheat, and barley grow,
Can you or I or anyone know
How oats, rice, wheat, and barley grow?

Verse 1:
First the farmer sows his seed,
Stands erect and takes his ease,
He stamps his foot and claps his hands,
And turns around to view his lands.

Chorus

Verse 2:
Next the farmer waters the seed,
Stands erect and takes his ease,
He stamps his foot and claps his hands,
And turns around to view his lands.

Chorus

Verse 3:
Next the farmer hoes the weeds,
Stands erect and takes his ease,
He stamps his foot and claps his hands,
And turns around to view his lands.

Chorus

Verse 4:
Last the farmer harvests his seed,
Stands erect and takes his ease,
He stamps his foot and claps his hands,
And turns around to view his lands.

Chorus

The Green Trees Grow All Around
To the tune of "The Green Grass Grows All Around"

Chorus:

The green trees grow all around all around
 and the green trees grow all around

Verse 1:

Oh, on the earth, there were some trees, the
 prettiest little trees that you ever did see

With the trees on the earth and **Chorus**.

Verse 2:

Oh on from those trees, we made some
 syrup, the brownest syrup that you ever did
 taste

With the syrup from the trees and the trees
 on the earth and **Chorus**

Verse 3:

Oh from those trees, we grew some apples,
 the shiniest apples that you ever did see

With the apples from the trees, and the syrup
 from the trees, and the trees on the earth and
Chorus

Verse 4:

Oh from those trees, we made some paper,
 the strongest paper that you ever did see

With the paper from the trees and the apples
 from the trees, and the syrup from the trees,
 and the trees on the earth and **Chorus**

Verse 5:

Oh from those trees, we built a chair, the
 sturdiest chair that you ever did see

With the chair from the trees and the paper
 from the trees and the apples from the trees,
 and the syrup from the trees, and the trees on
 the earth and **Chorus**

This is the Way We Grow the Plant
Sung to the tune of "Here We Go 'Round the Mulberry Bush"

From Growing with Plants, by Linda Watts and Steven Garrett

This is the way we plow the ground,
 Plow the ground,
 Plow the ground,
 This is the way we plow the ground,
 to make our garden grow.

This is the way we plant the seeds,
 Plant the seeds,
 Plant the seeds,
 This is the way we plant the seeds,
 to make our garden grow.

This is the way we water the plants,
 Water the plants,
 Water the plants,
 This is the way we water the plants,
 to make our garden grow.

This is the way we pick the plants,
 Pick the plants,
 Pick the plants,
 This is the way we pick the plants,
 to give us food to eat.

The Garden Song
Words and Music by David Mallett

Chorus:

Inch by inch, row by row
 Gonna make this garden (these flowers)
 grow

All you need is a rake and a hoe
 And a piece of fertile ground
 Inch by inch, row by row

Someone bless these seeds I sow
 Someone warm them from below
 Till the rain comes a tumbling down.

Verse 1:

Pulling weeds, picking stones
 We are made of dreams and bones
 Need a place to call my own
 For the time is near at hand

Grain for grain (petal for petal), sun and rain
 Find my way through nature's chain
 Heal my body and my brain
 To the music of the land.

Chorus

Verse 2:

Plant your rows straight and long
 Temper them with prayer and song
 Mother earth will make you strong if you
 give her love and care
 An old crow watching hungrily
 From his perch in yonder tree
 In my garden I'm as free as that
 feathered thief up there.

Chorus

The Pond
To the tune of "The Farmer in the Dell," words by Lisa McLaughlin, Auburn, WA

The food chain of the pond, the food chain
 of the pond,
 The sun shines down and life abounds
 On the food chain of the pond.

The cattails grow, the cattails grow,
 The sun shines down and life abounds

As the cattails grow.

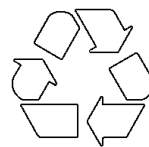

The bugs eat the tails, the bugs eat the tails,
 The sun shines down and life abounds
 As the bugs eat the tails.

The frogs eat the bugs, the frog eat the bugs,
 The sun shines down and life abounds
 As the frogs eat the bugs.

The snakes eats the frogs, the snakes eats the
 frogs,
 The sun shines down and life abounds
 as the snakes eats the frogs.

The hawks eat the snakes, the hawks eat the
 snakes,
 The sun shines down and life abounds
 As the hawks fly away.

The Nutrient Cycle Song
Sung to the tune of "The Farmer in the Dell" Words by Kathy Lyons and Elizabeth Patten

The kids eat the plants,
 The kids eat the plants,
 Hi ho the munching-o, the kids eat the
 plants.

They compost the waste,
 They compost the waste,
 Hi ho the cycle-o, they compost the waste.
 The worms eat it up,
 The worms eat it up,
 Hi ho the burrow-o, the worms eat it up.

It goes in the soil,
 It goes in the soil,
 Hi ho the mixing-o, it goes in the soil.

The plants drink it up,
 The plants drink it up,
 Hi ho the thirsty-o, the plants drink it up.

The kids eat the plants,
 The kids eat the plants,
 Hi ho the way to grow, the kids eat the
 plants.

The kids eat the plants,
 The kids eat the plants,
 Hi ho the cycle-o, the nutrients go around.
